

Who is Mutable

Mutable, Inc. provides solutions for the management, protection and distribution of digital media. As a product focused joint venture, *Mutable* derives deep experience from its parent companies:

Technology Consulting Firm Media & Entertainment Focus

Big Media (Record Labels, Film Studios)
Startups (Napster, Ruckus, UFO)

Offshore Consulting & Product Development

Security and Codec Focus;
Affiliation with University of Zagreb.

3ivx Plug-ins with DRM

Mutable and *3ivx* have partnered to provide ISMA compliant DRM-enabled MPEG-4 AVC plug-ins for leading media players. Compatible with *Mutable's* OpenIPMP License Server, these plug-ins allow content distributors to:

- Target multiple platforms (Win / Mac / Linux) with the same content file
- Provide subscription, pay-per-view, permanent dload & rental models
- Allow users to consume content in popular players such as *Microsoft's* Windows MediaPlayer and *Apple's* Quicktime Player
